

JOANNA TABAKU

The following books shaped me - of course experiences, various audio wisdoms and conversations with valuable people did too...

I have categorized these books into Masculine and Feminine as I believe it is important to distinguish and start with what is right for you in the moment.

I started with masculine energy books as I was raised and conditioned to action and doing not so much feeling and being. I eventually realized more masculine strategies were not the right answer - they did not help as much at the time & only after reading and embodying books that are more about the flow and the feeling, I realized that the order really matters and can slow you down or speed you up and also make you more tense or more aligned with flow...

Choose the order that flows and makes you feel at ease, not more tense.

At the end I also included links to my books published so far. Enjoy and grow happy, healthy and wealthy!
